

To simulate ecoDrive, please follow these instructions carefully:

1. Download ecoDrive from the website [www.fiat.com/ecodrive](http://www.fiat.com/ecodrive) and install it on your computer, by following the simple instructions on the screen.
2. Execute ecoDrive and create a new user.
3. Set up your FIAT as follows: FIAT 500 1.4. gas 100 CV
4. Enable a normal USB key..
5. Close the software
6. Download the test data and un-zip the file
7. Copy the data that you find in:  
iFiat>ecoDrive>Data
8. Paste them in your USB key, always in:  
iFiat>ecoDrive>Data
9. Remove the USB key.
10. Re-open ecoDrive and insert the key (be sure that you are connected to the Internet).
